School Bulletin Friday 6th November 2026

Notenn a-dhia Penndhyskader/Note from the Headteacher

Welcome back to school and Autumn term 2. I hope you had a relaxing break. It has been so pleasing to see everybody settling back into their routines so quickly and picking up where they left off 2 weeks before. We work really hard on routines for a wide variety of reasons but most of all so that we can ensure a safe and purposeful environment for all. Keep your eye on the school dates part of the bulletin as things will get busy as we near Christmas.

Supporting every child to **Thrive**

Meet our therapy team

At CELT, we are proud to have a dedicated Therapy Team supporting our schools throughout the 2026-27 academic year.

The team includes Educational Psychologists, an Occupational Therapist, Speech and Language Therapists, and a Speech and Language Therapy Apprentice.

Working alongside school staff, they help create inclusive learning environments where every child can thrive, learn and succeed.
Throughout the year, the team may:

- Visit schools and classrooms
- Observe learning environments
- Model effective strategies for staff
- Deliver training and professional development
- Provide advice that supports pupils across classes and schools

You may see members of the Therapy Team in school, interacting with pupils as part of their work to support staff and enhance learning environments. These interactions help develop inclusive approaches that benefit all children.

At CELT, we believe every child deserves the opportunity to flourish, and our Therapy Team plays an important role in helping our schools provide the support children need to reach their full potential.

Sarah King
Educational Psychologist

I work with young people to find out what their strengths are, what they love spending their time doing and what they tend to find more challenging.

I use this information to work with them, their teachers and their families to help them make the changes they would like to see. I work hard to try and make things go as smoothly as possible for young people in school.

Louise Ryves
Speech and Language Therapist

I support young people with communication skills. This can be anything from understanding what is said to them, to being able to ask for the things they need, to being able to talk to and be with friends.

I meet with them and we may carry out some activities together so that I can find out about their strengths and the things they find harder. We work together find effective ways around things that are tricky for them.

Morwenna Boisseau
Paediatric Occupational therapist

I help children and young people take part in the things they need and want to do at home, at school and in everyday life .

I spend time finding out what helps them feel safe and ready to learn. We then work together to find ways to make practical everyday activites feel more manageable.
